The electronic official copy of the document follows this message.

This copy may not be the same size as the original.

Please note that the quality of one or more pages may be poor. Unfortunately this is the best quality image we hold of the document. If you are able to obtain a better quality copy from another source we would be grateful if you would send it to us so we may update our records. Alternatively if you know who holds or may hold either a copy or the original please let us know so that we may contact that person.

Costs or expenses reasonably incurred as a result of the mistake may be recoverable as indemnity under paragraph 3 of Schedule 8, Land Registration Act 2002. However the Registrar's consent should normally be obtained before such costs are incurred. If you intend to incur costs as a result of any loss arising from the poor quality and to claim for these under the statutory compensation scheme please inform us of the steps you intend to take, what is the estimated cost and how this has been calculated. Our *Practice Guide 39 - Rectification and indemnity* contains further information. We appreciate that the payment of indemnity will be an inferior alternative to a better copy of the document itself.

You can view or download copies of the practice guide from our website at www.gov.uk/land-registry in English or Welsh. Alternatively, you can telephone Customer Support on 0300 006 0411 (0300 006 0422 for a Welsh-speaking service).

Land Registry

Transfer of portfolio of titles (whole or part)

TR5

If you need more room than is provided for in a panel, and your software allows, you can expand any panel in the form. Alternatively use continuation sheet CS and attach it to this form. This form should only be used where the same transferor transfers **all the titles** to the same transferee.

Enter 'U' in column 1 if the land is unregistered.

In column 2 enter 'W' for a transfer of whole of a registered title, or 'P' for a transfer of part of a registered title. Leave blank if the land is unregistered.

Insert address including postcode (if any) or other description of the property, for example 'land adjoining 2 Acacia Avenue' in column 3. For transfers of part you must either attach a plan and state the reference used to identify the land transferred, for example 'edged red' or refer to an existing reference on the transferor's title plan. Any attached plan must be signed by the transferor.

In column 4 include information that cannot conveniently be included in another panel, such as whether the title is freehold or leasehold, apportioned consideration, differing title guarantees.
